

SUMMARY
Industrial Engineer and Project Manager with 7+ years of experience leading enterprise digital transformation, supply chain optimization, and data analytics initiatives for U.S.-based operations at Delta Air Lines. Proven expertise managing enterprise-level IT and supply chain projects supporting procurement, inventory management, warehousing, maintenance operations, and TechOps environments.

Over the past 2+ years, led the Bogotá Innovation Team for Delta Air Lines, managing 20+ concurrent projects and multidisciplinary technical teams delivering automation, analytics, ETL/ELT pipelines, Power BI dashboards, AI-driven solutions, Web Development HTML 5, PHP, JS and custom applications using Python, Power Apps, AWS, and Microsoft technologies.

- PROFESSIONAL EXPERIENCE**
- Project Manager | BSSC – Delta Air Lines**
Aug 2024 – Jun 2026
- Led enterprise-level IT and supply chain transformation projects supporting procurement, inventory management, warehousing, maintenance operations, and airline TechOps environments.
 - Managed cross-functional teams of developers, operations personnel, procurement stakeholders, and business users delivering automation, analytics, reporting, and operational improvement solutions.
 - Managed 20+ concurrent innovation and automation projects across Power Platform, Python, AWS, ETL/ELT pipelines, RPA, and Power BI environments.
 - Delivered executive-level KPI dashboards and reporting solutions used by directors and vice presidents to monitor procurement performance, supplier spend, operational delays, and financial metrics.
 - Led executive presentations, stakeholder meetings, QBR reporting sessions, and operational planning discussions with U.S. business leadership.

- Inventory Senior Leader | BSSC – Delta Air Lines**
Nov 2023 – Aug 2024
- Oversaw inventory operations and analytics for critical aircraft maintenance materials, ensuring optimal stock levels and operational continuity.
 - Developed supply chain monitoring and reporting solutions supporting demand planning, procurement tracking, safety stock analysis, critical stock management, and supplier performance visibility.
 - Coordinated supplier escalation processes and expedited procurement workflows to mitigate operational risks and prevent maintenance delays.

- Inventory Leader | BSSC – Delta Air Lines**
Nov 2021 – Nov 2023
- Supported inventory management operations through data analysis, reporting automation, and operational execution initiatives.
 - Assisted in optimizing stock control strategies, improving data quality, and implementing process enhancements to increase operational efficiency and inventory accuracy.

- Inventory Analyst | BSSC – Delta Air Lines**
Nov 2018 – Nov 2021
- Analyzed inventory and supply chain data to support planning, forecasting, procurement tracking, and operational decision-making.
 - Developed reports, dashboards, and analytical solutions to improve inventory visibility, stock management, and operational performance.

STUDIES

- **Engineering Project Management Specialist**
Distrital University Francisco Jose de Caldas (Current)
- **Production Industrial Engineer**
Distrital University Francisco Jose de Caldas - 2019
- **Industrial Technologist**
Distrital University Francisco Jose de Caldas – 2016

CERTIFICATIONS

- Python Developer
- SQL Developer
- Microsoft 365

CORE COMPETENCIES

- Enterprise Supply Chain Ops
- IT Project & Program Management
- Digital Transformation
- Demand Planning & Inventory Analytics
- Procurement & Supplier Management
- Executive Reporting & KPI Management
- Cross-Functional Team Leadership
- Stakeholder & Executive Communication
- Budgeting & Financial Coordination
- Agile / Scrum Methodologies
- Data Analytics & Business Intelligence

TECHNICAL SKILLS

- SAP S/4HANA
- SQL Server Management Studio
- Teradata SQL
- Snowflake
- Advanced Python
- SQL Development
- Power BI
- Power Automate
- Power Apps
- AWS Cloud Solutions
